

APPLICATIONS

DIY mobile power supply, power supply for communication equipment, various occasions with strict requirements on volume and weight (such as aviation model, etc.).

KLS Part no./Name	Ultra-small DC-DC Module
Input voltage	4.5V~28V
Output voltage	0.8V~20V
Output current	3A (Max.)
Transfer efficiency	96% (Max.)
Output ripple	<30mV
Switching frequency	1.5MHz (Max.), Typical 1MHz
Operating temperature	-45°C ~ +85°C
Size dimension (L*W*H)	22mm * 17mm * 4mm

4mm height 0.0027kg weight
