Material:
Connector:Brass, Gold Plating
Electric:
Frequency Range:0~6G
Impedance:50 OHM
Vswr:1.5 Max
Conduction Impedence:0.5 OHM
Insulation Resistance:5000MΩ Min
Power:10 W Max
Operating Voltage:335V Max
Durability:500 Cycles
Withstand Voltage:1000Vrms
Temperature:-35°C~+80°C

Notes:
1.The finished product requires 100% electrical testing;
The product parts must not have scratches,
2.Deformation, oil stains or other defects;
3.Conduction test requires a voltage withstand of over 500V and must be conducted;
4.Salt Spray Test:48H Min.
